

The chart displays the monthly stock prices for a single stock (black line) and a basket of 10 stocks (colored lines) from January 2000 to January 2020. The x-axis is labeled 'Month' and shows major ticks for Jan 2000, Jan 2005, Jan 2010, Jan 2015, and Jan 2020. The y-axis represents the stock price, with a grid of horizontal and vertical lines. The black line shows a steady upward trend with significant volatility, particularly a sharp increase around 2020. The colored lines represent the basket of 10 stocks, which generally follow the same trend as the single stock but with more pronounced fluctuations.
